

First Dental Health ACCESS Network - An Opportunity for Growth

With sweeping changes taking place in dental coverage in 2020 your patients who are uninsured, or soon to be, are looking to you for advice on affordable dental plans. Be prepared to meet their needs.

**First
Dental
Health**
ACCESS

New Dental Choice, the discount dental plan offered by First Dental Health, is the RIGHT plan.

- **Affordable - individual and family memberships at \$10 and under per month**
- **No waiting periods - immediate activation**
- **Easy to use - no claim forms - patients pay you the ACCESS fees directly**
- **Safe - licensed by the California DMHC with strict consumer protections**

Dental offices that recommend our plan tell us how simple the plan is to use, how much their patients like it, and how retaining these patients who could not otherwise afford their treatment - **adds to their bottom line.**

Membership plan patients can become your most loyal patrons who visit more often and accept the treatment they need.

BE READY to present New Dental Choice when your patients tell you they cannot afford needed care.

Fax the order form below or call 888-632-6553 to order your FREE customized brochures – available to all participating ACCESS Network providers.
